ABOUT US

121 National Protection is an elite security and protection firm delivering advanced, intelligence-driven safety solutions tailored for high-risk and high-value environments. We operate at the intersection of precision, discretion, and strategic defense.

COMPANY OVERVIEW

121 National Protection (Pty) Ltd is a South African-based private security company specializing in executive protection, high-risk security operations, and advanced threat mitigation.

Our approach integrates modern security methodologies with specialized tactical expertise, ensuring our clients experience absolute confidence in every environment.

We are fully compliant with regulatory standards, including PSIRA registration, and operate with strict adherence to professional and ethical protocols.

VISION & MISSION

Vision

To become Africa's leading premium protection firm, recognized for precision, discretion, and operational excellence.

Mission

To deliver intelligent, adaptive, and uncompromising protection solutions that safeguard lives, assets, and reputations.

CORE VALUES

Precision – Every operation is calculated and deliberate

Discretion – Protection without intrusion

Integrity – Ethical conduct in all engagements

Preparedness – Always ready, always aware

Excellence – Consistent delivery of elite standards

SERVICE ARCHITECTURE

Executive Protection

Tailored close protection services for executives, high-net-worth individuals, and VIPs. Focused on proactive risk management, secure mobility, and situational awareness.

Residential Security

Comprehensive home protection solutions, including risk assessments, surveillance integration, and on-site personnel.

Event Security

Strategic planning and execution of security for private and corporate events, ensuring controlled environments and seamless guest safety.

Tactical Support Services

Advanced support capabilities for high-risk scenarios, including surveillance, threat detection, and rapid response coordination.

SERVICE TIER LIST

Our AEGIS-tier system is designed to align protection with risk, ensuring every client operates within a controlled and secure environment—regardless of complexity.

CODE: AEGIS -1

Specialized Enhancements

Precision add-ons that integrate into any protection tier:

- Protective Intelligence Reports
- Surveillance Operations
- Event Security Units
- Residential Security Deployment
- Tactical Support Services
- Secure Transport Fleet

“Custom-built protection, tailored to your exact environment.”

In a world of evolving threats, security must be more than reactive—it must be precise, intelligent, and unwavering.
121 National Protection delivers protection without compromise.

PROTECTION

AWARENESS

PRECISION

COMMAND

SAFETY

SPECIALIZED UNITS

Our operational strength is enhanced by dedicated specialist units designed to address complex threat environments:

Advanced Surveillance Unit – Intelligence gathering and threat monitoring

Threat Response Unit – Rapid intervention and incident management

Protective Intelligence Division – Risk analysis and strategic planning

Airspace Awareness Support – Monitoring and coordination of aerial threats

Each unit operates within clearly defined protocols to ensure precision, legality, and effectiveness.

OPERATIONAL APPROACH

Our methodology is built on three pillars:

Assess

We conduct detailed risk assessments to understand threats, vulnerabilities, and operational environments.

Strategize

We design tailored protection plans aligned with client needs and situational demands.

Execute

We deploy trained professionals and advanced systems to deliver seamless, effective protection.

OUR PARTNERS

CLIENT EXPERIENCE

At 121 National Protection, we prioritize more than safety— we deliver peace of mind.

Our clients benefit from: - Discreet and professional personnel - Seamless coordination and communication - Adaptive solutions for dynamic environments - Absolute confidentiality

COMPLIANCE & STANDARDS

- We operate in full compliance with South African security regulations and industry standards, ensuring:
- Licensed and vetted personnel
- Continuous training and development
- Adherence to legal frameworks
- Accountability and transparency

WHY CHOOSE 121 NATIONAL PROTECTION

Elite-level operational capability
 Intelligence-driven protection strategies
 Highly trained personnel
 Tailored security solutions
 Commitment to discretion and professionalism
